

## LVIP Request for Technology

Section 1002.45(3)(f), of the Florida Statutes states, “Each virtual instruction program operated or contracted by a school district must provide, when appropriate, each household having a fulltime student enrolled in the program with:

- 1 All equipment necessary for participants in the school district virtual program, including, but not limited to, a computer, computer monitor, and printer; and
- 2 Access to reimbursement for all Internet services necessary for online delivery of instruction.”
